California Statewide Medical and Health

5th Annual Disaster Conferences

October 1, 2002 in Ontario

October 3, 2002 in Commerce

October 15, 2002 in San Rafael

These one-day conferences will provide information and hands-on tips for health care providers in **radiological events**. The attendee will leave the conference with useful tools to respond to and manage a radiological event. This conference will assist you in preparing for the November 14, 2002 Disaster Exercise

4th Annual Disaster Exercise

November 14, 2002

8:00 AM to 12:00 PM

The Statewide Disaster Exercise for California hospitals, health care providers and government agencies will focus on the medical & health system issues. This year, the scenario will involve a **radiological event** necessitating providers to be prepared to accommodate an influx of patients requiring decontamination, sheltering-in-place and patient treatment.

The **Exercise Guidebook** will be available on the website at www.emsa.ca.gov after July 25th!

More information will follow, but **SAVE THE DATES!**

Annual Statewide Conferences and Exercise sponsored by State Agencies and Private Organizations
